A Compilation of Baseball's Relatives
2016 - End of Season
Active Players Sorted by Organization

About the Family Ties List

Who's included in the list

- Active major league and minor league players in 2016 who have a relative currently or formerly in professional baseball, or was drafted by an MLB organization
- In addition to Major League affiliated teams, Mexican League, and Independent League players are included
- The list was prepared after the completion of the 2016 regular season, so that full-season rosters were considered.

Who's not included in the list

- Former major league and minor league players who had relatives in professional baseball
- Current professional players whose relatives have only played college baseball.

Other notes about the contents of the list

- Current major leaguers in 2016 are in green-colored font.
- Former major leaguers prior to the 2016 season are in red-colored font.
- Relative's Last Org and Relative's Last Year columns refer to playing careers only. They may indicate a Minor League, Independent League, or Mexican League season, if in fact the player did not finish his career as a major leaguer.
- In some cases, a Relative had a role as a Non-Player, in which case the Non-Player's role, level and organization are also shown. Non players refers to managers, coaches, scouts, owners, executives, umpires, broadcasters, front office, and other.
- When an asterisk appears with Relative's Last Year, it indicates the MLB draft year of the player but he did not actually sign with the organization that year.
- When an asterisk appears with the 2016 MLB Appearance indicator (Y = Yes), it denotes the player made his major league debut in 2016.
